NEXA Strata

ACOUSTIC PANEL
PRODUCT DATA SHEET
FOR TRADE USE ONLY

Linear acoustic felt panels. Quiet lines, clean walls.

NEXA Strata is a modular acoustic felt tile scored with fine horizontal lines — a calm, linear rhythm that turns a flat wall into soft, tailored texture. Direct-applied and field-trimmable, it absorbs sound while reading as architecture. Part of the NEXA dimensional family alongside Ridge and Dune.

MATERIAL & BUILD

Material	PET acoustic felt tile	Recycled content	60% recycled fiber
Pattern	Fine horizontal linear grooves	Finish	Through-colored felt

ACOUSTICS & FIRE

Sound absorption	NRC 0.50 — ASTM C423	Fire rating	Class A — ASTM E84 (FSI ≤ 25 / SDI ≤ 450)

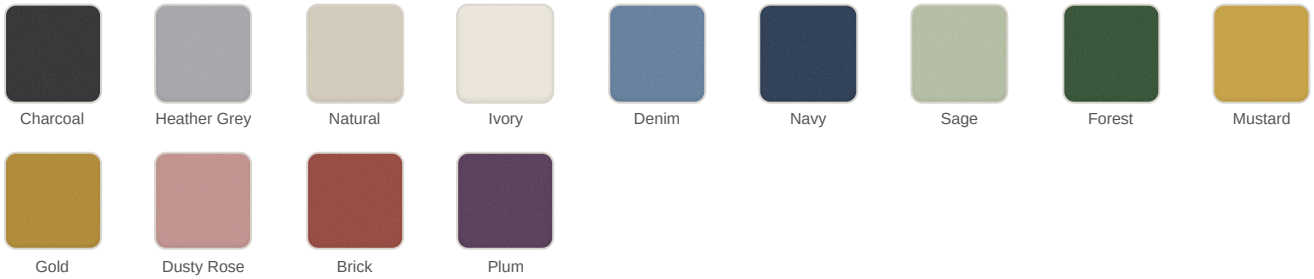

FORMAT

Format	Modular tiles, direct-adhered	Tile sizes	Standard modular sizes
Thickness	1/2 in (13 mm)	Mounting	Direct-adhered; field-trimmable
Use	Walls, commercial interiors		

SUSTAINABILITY
